**SIEMENS**

## » Communication that fits perfectly «

You manage a legal practice, or run a workshop? Perhaps you're a doctor or you manage a production company? You have a large number of customers who you know only over the phone, are always on call for your patients or are constantly in phone contact with your suppliers? If this is the case, you need a powerful telephone system that is future-proof, and that can be adapted perfectly to suit the size of your company. With HiPath 1100, Siemens offers you the right solution.

» **Always accessible: integrated voicemail**  
If no one happens to be at a particular extension, thanks to the integrated voicemail, no calls are lost. Many convenient features optimize accessibility:

- Up to 24 individual mailboxes
- Up to 2 hours of recording capacity
- Adjustable recording length
- Selection from 2 personal greetings

And with the automatic attendant function "Auto Attendant," callers can be connected to another number if desired, for example, when the phone is busy. Simple and convenient.

HiPath 1100 is the high-performance phone family, made up of four systems, for companies with up to 140 users. With ADSL broadband access, HiPath 1100 offers tomorrow's communication technology. Integrated options, such as CLIP analog, make your communication even more flexible. And HiPath 1100 is an especially cost-effective communications solution, not only in terms of purchase price, but also for installation and operation. It is especially simple to install and administer with the Windows Service Tool. New software versions are run via PC and the internet – conveniently and free of cost. Applications are straightforward to connect via the integrated V24 connection. And if your requirements change? No problem - with HiPath 1100 you can change up to ISDN at a later date. And HiPath 1100 phone systems always fit. The various models meet your requirements - from 16 to 140 users with between 6 and 32 lines. HiPath 1100 - the smart phone system for demanding customers.

### HiPath 1100 features

#### Basic voice features

- Access category for night service
- Alarm announcement
- Association of caller number with HiPath 1100 speed dial name

- Call group (default 1st 10 extension)
- Call pickup: group/selective
- Call Timer for limited conversation
- CLIP info in each ext. CLIP phone
- CTI protocol via V.24/USB and Interface upgrade
- Conference
- Consultation with attendant console
- DISA Direct inward dialing

- Do not disturb
- DTMF suffix dialing
- Electronic lock
- Emergency call
- Event signaling (fax, printer)
- External dialing restriction
- External call diversion
- Extension name display
- Fax Gr. 3&4 Software and FAX/DID integrated
- Flash on trunk
- Hunt group (linear/cyclic)
- Music on hold
- MW on each CLIP device
- Night service
- Number redial
- Remote programming
- Programmable keys
- Sensor/relay features (1120 only)
- Special COS for locked Station
- Speed dial central (90 x 30 long)
- Secretarial service (associated call)
- UCD statistical software
- Wake-up call
- VMle - extended Voice Mail Interface

#### Administration features

- Administration over ISDN/ADSL/USB/V24

- Automatic In-Service of all extensions
- Automatic Remote Software Update
- Connected Phone recognition and report
- D-Channel Tracing
- MIDI file playback for Music on Hold
- Remote administration with password

#### Optional with MOHAS module (1120)

- external music-on-hold (CD)
- relay for switching with acknowledge (actor)
- sensors for registration of NC/NO contact

#### New and additional features V7.0

- Administration of extension names
- Basic ADSL Board with 4-Port Hub with SNMP functions (2 types HiPath 1120 & HiPath 1150/90)
- Basic ADSL Board with Standard Efficient Modem as baby board
- Caller List for group call
- Calling party number transmission during call forward
- Common Hold
- Door call with Day and Night rules
- Door opener functionality improved
- Direct function key with LED for

- Call/Hunting Groups (DSS)
- GSM/SIP box support with LCR in an ISDN trunk
- 8 Party Conference (HW activated by Software)

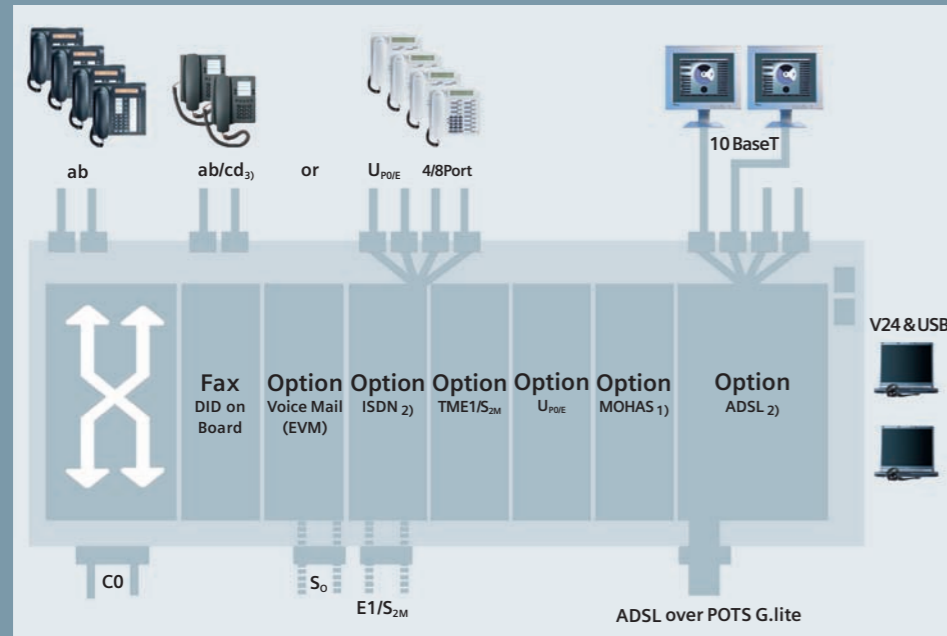

#### PC-Software features

- CDR (call charge with export function)
- Graphical LCR prog. tool (via Manager)
- NDIS WAN Drv with dyn chn grouping

#### Option ISDN features

- AOC Call Charge
- CCBS Call Complete to Busy Subscriber
- CFB Call Forward Busy
- CFNR Call Forward no reply
- CFU Call Forward Unconditional
- CLIP Calling Line Identity Presentation
- CLIR Calling Line Identity Restriction
- COLP Connected Line Presentation
- COLR Connected Line Restriction
- DID Direct Inward Dialing
- MSN Multiple Subscriber Numbering
- PMP Point to Multipoint
- PP Point to Point
- S<sub>0</sub> trunk lines supporting S<sub>0</sub> bus

## The new alternate Phone Configuration

Additional to the analogue Profiset family used in some regions, the Profiset 3030 with LED status display will be the known solution for the system phone. Alternate, optiPoint 500 system phones could be used instead. All optiPoint 500 including the optiPoint phone-, analogue-, acoustic- and ISDN -adapter will be available as high end user phones to enable the flexible modification of workplaces to suit respective requirements. Another alternative phone family is the brand new euroset 500 serie. All phones of all families are available in the colors artic and mangan.

## Fully straightforward – the convenient administration functions

The HiPath 1100 telephone system supports you with many convenient functions for installation and operation.

- Administration by extension via MFV Phone
- Administration via V24 or USB or ISDN or ADSL
- Automatic in-service on all extensions
- (Automatic) remote software update from PC via Internet and ISDN
- Country-specific configuration
- Remote administration

## The Profiset 3030

### Profiset 3030

- Mute
- Redial
- Music on hold
- Hands-free mode
- LCD display
- 16 memories
- 16 signal keys

## The optiPoint 500 family

### optiPoint 500 entry

- Eight function keys with LEDs
- Loudspeaker
- Two control keys (+/-)
- Suitable for wall mounting

### optiPoint 500 economy.

As for optiPoint 500 entry, plus:

- 12 function keys with LEDs
- Adjustable, alphanumeric LCD display with two lines of 24 characters each
- Three dialog keys for interactive user guidance: "yes", "back" and "continue"

### optiPoint 500 advance.

As for optiPoint 500 standard, plus:

- Integrated USB 1.1 interface
- One interface for up to two additional pieces of equipment
- Fully duplex hands-free
- 19 function keys with LEDs
- Integrated headset support
- Two optional ports for modules and adapters

### Further models:

optiPoint 500 basic  
 optiPoint 500 standard

## The euroset family

### euroset 5005
